Hello! I'm a second-year Computer Science and Engineering student specializing in Artificial Intelligence and Machine Learning at KPRIET. My academic journey has been marked by a strong commitment to AIML, where I've delved into predictive and classification models, fueling my passion for ML. Beyond academics, I actively participate in paper presentations and Hackathons, honing my leadership, teamwork, and communication skills. Looking ahead, I'm eager to gain practical experience in the AIML field and explore internship and project opportunities.
